SUMMARY

Web Developer with a Master's in Computer Applications and experience in developing responsive websites and dynamic web applications Eager to advance my career and expand my knowledge in a dynamic, innovative environment.

WORK EXPERIENCE

Web Developer

JANUARY 2024 - AUGUST 2024

Dreams UltimateSolutions

- Developed and maintained dynamic websites, ensuring seamless functionality and an optimal user experience.
- Implemented responsive design principles, guaranteeing websites are mobile-friendly and perform consistently across various devices and browsers.

PROJECT

Online Scholarship Admission Management System

(Technology: PHP, HTML, CSS, JavaScript, AJAX, MYSQL)

- Led the development of an online system to automate the scholarship application process, significantly reducing manual tasks and administrative workloads for the company.
- Enabled remote accessibility, allowing students to apply for scholarships from any location at any time.

Ecommerce Website

(Technology: HTML, CSS, JavaScript)

An e-commerce website is an online platform that facilitates buying and selling of products or services, offering users a seamless shopping experience. Built using HTML, CSS, and JavaScript, it provides a visually appealing and highly interactive interface.

CERTIFICATE

Successfully Completed Corporate Mentorship Program Completed by VIOSA
